

Apply for a Building Permit

All building permits and contractor registrations are processed electronically

Visit www.oak-park.us/villageview to get started

New users will need to register, existing users will need to log in

Scan using mobile device to
visit VillageView portal

1. Application Type

Provide the type of building being altered; commercial, residential, accessory structure, public right-of-way obstruction, etc.

2. Permit Type

Provide the type of discipline; plumbing, electric, mechanical, etc.

3. Work Items

Provide more details; fence, shed, reroof, new electric service, etc.

4. Description of Work

Provide the amount of work items, example: two furnaces, etc.

5. Location

Provide the location of the proposed construction site.

6. Contacts

Provide the listing of your proposed contractor(s). List every hired company other than flooring and painters. If the home owner will be performing the work, enter homeowner. If a contractor has not been chosen yet, enter TBD (to be determined).

7. Upload Files

Upload any and all construction plans and/or proposals. Provide copies of contractor quotes, drawings, plat of survey, site plans, etc.

Permit Processing support:

- All application follow-up communication will be through emails.
- For questions, or to request an inspection, email permits@oak-park.us or call 708.358.5430
